Marc Misthal Published in The Legal Intelligencer on AI Generated Works

May 3, 2024

Intellectual Property Principal [Marc Misthal](#) has been published in *The Legal Intelligencer* with the article titled, "I-Generated Works Dilemma: Balancing AI Terms of Service with Contractual Obligations." The article delves into the legal complexities surrounding ownership, exclusivity and liability of AI-generated designs, highlighting how terms of service, copyright law and contractual agreements intersect in shaping the landscape of AI usage in creative industries.
