

Meet David Carberry

June 30, 2022

By Jim Ries and David Carberry

Meet David Carberry, Founder of Needworking. Needworking is a system and a process for business networkers to help build themselves up and move forward.

David Carberry is proud of how the site has developed and grown within 10 months and how people are engaging within the system.

Needworking looks forward to people inviting others to the platform to engage and try the process.
