

Meet Marty Schwartz

January 19, 2022

By Jim Ries and Marty Schwartz

Meet Martin Schwartz, Founder and CEO of Vehicles for Change. Vehicles for Change provides the tools necessary to achieve financial stability for families through their car donation and reentry internship programs.

Martin Schwartz is proud of their growth, as they have become the largest, low-income car ownership program in the country, with 3 locations and plans for expansion.

Vehicles for Change looks forward to more car donations in the upcoming year to further their mission and continuing to expand their footprint.
