

Meet Steve Edwards

January 18, 2023

By Jim Ries and Steve Edwards

In this episode of Java with Jim, host Jim Ries sits down with Steve Edwards, founder of Edwards Performance Solutions. They discuss the evolution of Edwards Performance Solutions from a systems engineering firm to a leading management consultancy focused on project management, IT solutions, training, and cybersecurity. Steve shares insights on what sets his company apart, including their subject matter expertise and commitment to employee development. He also provides a glimpse into his personal life, revealing his passion for home projects. Join us for an in-depth conversation on business growth, industry challenges, and the future of Edwards Performance Solutions.
