

Meet Melissa Allen

November 26, 2025

By Jim Ries and Melissa Allen

In this episode of Java with Jim, Jim Ries speaks with Melissa Allen, the CEO of University Technical Services (UTS). Melissa shares the unique history of UTS, its transformation over the years, and the company's focus on cable and fiber infrastructure in data centers. She highlights the loyalty and dedication of UTS employees, the company's recent rebranding efforts, and her vision for the next six months aimed at growth and creating jobs. Melissa also shares her personal passion for building and refinishing furniture, drawing a parallel to her role in transforming UTS. Tune in to learn more about UTS and Melissa's inspiring leadership journey.
