Offit Kurman Attorneys Named to Bergen Magazine's 2026 Top Lawyers List

October 22, 2026

Offit Kurman is proud to announce that attorneys Natalie Diratsouian, Stephanie Lehman (Matrimonial & Family Law) and Scott Piekarsky (Commercial Litigation) have been named to Bergen **Magazine's 2026 list of Top Lawyers**.

The annual Top Lawyers list, published in the November issue of Bergen Magazine, is developed by Professional Research Services (PRS) and is based on a peer-review survey of licensed attorneys in Bergen County. Thousands of votes were cast to honor excellence across a wide range of practice areas. Inclusion is based solely on peer recognition and cannot be purchased.

Natalie Diratsouian's family law practice prioritizes her clients' needs and goals, while taking a practical approach at every step. She has extensive experience drafting and negotiating agreements and litigating a range of complex, high-conflict matters.

Stephanie Lehman is a trusted advocate in complex matrimonial and family law matters, guiding clients through divorce, custody, and financial disputes with clarity and compassion. She represents clients in litigation, trials, and appeals, and is also trained in collaborative law and mediation.

Scott Piekarsky handles a broad range of litigation matters, including corporate and business disputes, professional liability, attorney ethics, licensing representation, and expert review. His practice also encompasses community association, real estate, healthcare, nursing home and assisted living litigation, personal injury, probate, appellate law, chancery matters, and commercial collections.
