Offit Kurman Again Recognized Among Top 50 Construction Law Firms by Construction Executive

August 5, 2026

Offit Kurman is proud to announce that it has been ranked 39th in Construction Executive magazine's annual list of the Top 50 Construction Law Firms™. This recognition highlights the firm's continued growth and national presence in the construction legal market.

Offit Kurman's Construction Law practice group represents clients across all segments of the construction industry, offering comprehensive legal support throughout the project lifecycle. From contract drafting and risk management to regulatory compliance and dispute resolution, the team delivers strategic, business-focused guidance tailored to contractors, developers, and design professionals.

"This recognition as one of the nation's leading construction law firms, reflects the depth of our team and our continued dedication to serving the construction industry," said [Anthony Potter](#), Practice Group Leader of Offit Kurman's Construction Law Practice. "Our team takes a practical, business-minded approach, helping our clients navigate challenges and achieve outcomes that drive successful projects and sustained growth."

Now in its 24th year of publication, Construction Executive is the leading trade magazine about the business of construction. In its July/August issue, CE published a comprehensive ranking of The Top 50 Construction Law Firms™ featuring breakouts and analysis accompanied by an article in which leading law experts discuss their construction clients' most pressing business concerns.

To determine the ranking, CE asked hundreds of US law firms with a construction practice to complete a survey. Data collected included: 1) 2025 revenues from the firm's construction practice; 2) number of attorneys in the firm's construction practice; 3) percentage of firm's total revenues derived from its construction practice; 4) number of states in which the firm is licensed to practice; 5) year in which the construction practice was established; and 6) the number of AEC clients served during fiscal year 2025. The ranking was determined by an algorithm that weighed these factors in descending order of
