Offit Kurman Recognized Among The Top 50 Construction Law Firms™ by Construction Executive

June 4, 2025

Offit Kurman is proud to announce that it has been ranked 38th in *Construction Executive* magazine's annual list of The Top 50 Construction Law Firms™. This recognition highlights the firm's continued growth and national presence in the construction legal market.

Offit Kurman's Construction Law practice group represents clients across all segments of the construction industry, offering comprehensive legal support throughout the project lifecycle. From contract drafting and risk management to regulatory compliance and dispute resolution, the team delivers strategic, business-focused guidance tailored to contractors, developers, and design professionals.

"Being named among the top construction law firms in the country underscores the strength of our team and our unwavering commitment to the construction industry," said Anthony Potter, Practice Group Leader of Offit Kurman's Construction Law Practice. "Our attorneys understand the business realities our clients face and are focused on delivering results that support project success and long-term growth."

Now in its 23rd year of publication, *Construction Executive* is the leading trade magazine focusing on the construction business. In its May/June 2025 issue, *Construction Executive* published a comprehensive ranking of The Top 50 Construction Law Firms™ featuring breakouts and analysis, accompanied by an article in which leading law experts discuss their construction clients' most pressing business concerns.

To determine the ranking, *Construction Executive* surveyed U.S. law firms with construction practices, collecting data on 2024 construction practice revenue, attorney count, revenue percentage from construction, states of licensure, year the practice was established, and number of AEC clients served. Rankings were based on a weighted algorithm prioritizing these factors in descending order of importance.
