

OK at Work: The Emerging Cold & Flu Season in the Workplace

July 27, 2021

By Russell B. Berger and Sarah M. Sawyer

On this week's episode of OK at Work, [Sarah Sawyer](#) and [Russell Berger](#) discuss the impact of COVID-19 on this year's cold and flu season now that many individuals are vaccinated. Currently, the CDC guidance for individuals experiencing COVID-19 symptoms remains the same for vaccinated and unvaccinated employees: if you experience COVID-19 symptoms, isolate. Under this guidance, there is no specific advice for how to handle fully-vaccinated individuals experiencing COVID-19 symptoms that test negative for COVID-19. Listen in as Russell and Sarah discuss the issues this poses for businesses and their thoughts on potential updates to the guidance.
